RLBCAU ALUMNI ASSOCIATION MEET
**Reconnect,
Reminisce, and Refresh
the Golden Memories**

JANUARY 16-17, 2026

About RLBCAU

RLBCAU was established as an Institution of National Importance in 2014 by the Act of Parliament for the development of agriculture and for the furtherance of the advancement of learning and pursuit of research in agriculture and allied sciences.

The University was named after the great warrior Rani Lakshmi Bai (Virangana) who led the first war of independence in 1857. The University is a multi campus with its headquarters at Jhansi, Uttar Pradesh and second and third campuses at Datia and Morena, Madhya Pradesh.

RAAG

Dear RLBCAUians,
1st Raag Meet-2026 Invites all the bright Alumni for Reconnecting, Reminisce and Remembering the golden memories. The first alumni-association meet of RLBCAUians was a memorable and heartwarming reunion that brought together former students, teachers, and staff under one roof after years of separation. This gathering was more than a social event – it celebrated shared memories, old friendships, and renewed connections to the institution. Alumni from different batches exchanged stories, recalled campus life, and appreciated how far everyone had come since their college days. The event also honored the contributions of seniors who helped shape the legacy of RLBCAU, acknowledging their achievements and the path they paved for newer generations. Most importantly, this first meet laid the foundation for a supportive alumni network – one that promises mentorship, collaboration, and a lifelong bond with the alma mater.

Forgotten treasurers
to refreshing
memories

Newly developing
university to developed
university

Undulating, stony
land to lush green
campus

Fabricated structure
to magnificent
buildings

Meager extra-curricular
facilities to world class
facilities

Five panch-ratan students
to more than thousand
students

Single undergraduate
program to five UG, 28
Master's and 14 PhD programs

Few states to 24 states &
4 union territories
representing Mini India
