The term of Committee, Members, shall be two years from the date of this notification. The goals and functions of the committee are given below:

Goals:

1. To develop a Quality System for conscious, consistent, and catalytic programmed action to improve the academic and administrative performance of the University.
2. To promote measures for institutional functioning towards quality enhancement through the internalization of quality culture and the institutionalization of best practices.

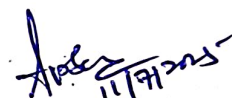

The IQAC shall have the following functions:

1. Development and application of quality benchmarks/parameters for the various academic and administrative activities of the University.
2. Facilitating the creation of a learner-centric environment conducive to quality education and faculty maturation to adopt the required knowledge and technology for a participatory teaching and learning process.
3. Arrangement for feedback responses from students, parents, and other stakeholders on quality-related institutional processes.
